

Welcome to PawPrint Premium!

It's time for trial entries to catch up with the rest of technology. When we order something online, most of us check the status of the order. Now you can do that with your entry.

At least 30% of entries received are missing information. Days aren't indicated, class levels aren't circled, signature is missing, handwriting is illegible, etc. The premium is a legal document. I am required to email and request that information, even if I know the answer. Multiple emails then transpire.

Agility exhibitors make the more changes to their entries than any other sport. Often because we advance to the next level almost immediately but also changing dates, cancelling classes, adding classes etc. Another 30% of entries fall into this category, which requires the same correspondence trail and time. Now the process can be streamlined.

Let's get started! We're going to let you "play" until May 12th to get comfortable with the new system. Then, when entries move online, you will be ready to go.

Go to Pawprinttrials.com. It has been updated to the new format.

Click on LOGIN in the upper right-hand corner and then click forgot password. We will send you a new link. Be sure you check your spam folder if you don't receive it.

Once you have signed in, you will see a list of your dogs that are currently in my database.

Click TRIALS in the upper left corner. It will default to OPEN trials. At the bottom of the list, you will see three trials that start with TEST. Feel free to enter one or all of the trials. We have temporarily deposited \$500 of PawPrint credit in your account. You may use that credit to pay for your entries. Click on your name for settings, dogs etc.

Have fun!
